3.65 Average Rating

70% rated between "4-5"

Score distribution

9. Are you accessing support with your digital strategy?

Yes - through working with schools in my MAT/cluster (19 schools just MAT/cluster support)

Yes - through working with the Ed-Tech schools programme (2 schools with just EdTech support)

Yes - through working with a training partner (2 schools with just partner support)

Yes - through working with PCC's support (2 schools just receiving PCC support)

Yes - through working with the school network manager (12 schools just network manager support)

No or No Response

10. Are you currently using technology to deliver live events?

- Yes - Assemblies Only 16
- Yes - Lessons Only 3
- Yes - Both 27
- No 11

11. Would you be interested in either of the following?

Key Points:

- Office 365, Google and SeeSaw emerge as the main learning platforms employed by Portsmouth schools.
- There are lots of schools (25) who feel that there is potential to further exploit the learning platform they already have.
- A lot of school leaders are intending their schools to become 1:1 learning environments and many more are considering it. Most leaders feel that they are early on in this journey. Google and Microsoft will be key partners for this change.
- People are accessing the webinars and are finding them helpful.
- Schools are working collaboratively to embed digital change.
- ½ of schools are delivering both live assemblies and live lessons.
- Re the offer of support packs for going live: 14 schools would like it for Google and 23 schools for Microsoft.

Next steps:

- Any schools that would like support with becoming 1:1 environments to contact Natalie Sheppard n.sheppard@tsatrust.org.uk as we are looking to identify a case study primary.
- Any schools requiring the Going Live launch pack for Microsoft to contact Richard Denham r.denham@tsatrust.org.uk as this is ready now.
- The Google Going Live launch pack is in development and a mini professional development series to accompany it will be made available in the coming weeks. For more immediate support, please contact Richard Denham who can broker support now.
