Bespoke school INSET and staff meetings

A great offer of bespoke school INSET and staff meetings on a huge variety of subjects - all with our mantra 'Good for EAL, Good for ALL'

These sessions can range from a brief 30 minute input to a whole INSET day.

They can be delivered to your entire staff, or separately to teachers, TAs, SLT, ECTs, governors, office staff and/or lunchtime supervisors.

We can deliver to your whole school staff together or to individual year groups, key stages or secondary departments, the latter with subject-specific input.

Each training session is individually created to suit your focus, audience and the time available.

Developing literacy with your 'advanced learners'

This year our INSET focus is **Developing literacy with your 'advanced learners'** (pupils who have been here for at least a year or so, so are no longer 'new arrivals')

We can also offer schools INSET on specific aspects of this area such as:

Developing Reading

Developing Writing

Developing Literacy Across the Curriculum

ECT Support

Are we booked in on your school's annual programme of support for Early Career Teachers? You can use us to support ITT students in school too or even more experienced staff who are new to working with EAL pupils.

Our most popular input is our session on **all things EAL** - from new arrivals to advanced learners, full of support strategies and suggested resources, all underpinned by the most up-to-date EAL pedagogy.

Anti-racism training

We also offer **anti-racism training**, delivering alongside Sarah Christopher.

The training introduces the anti-racism toolkit developed by the PEP and considers what racism looks like in 2022; how to talk about racism in class - in planned input and in 'unplanned' reactions to incidents, comments etc.

The session gives school staff time to discuss and explore the issues in a meaningful way.

Other INSET opportunities

Other topics that can be delivered directly to your school staff include any session that we offer centrally (see our offer on the previous pages) plus the following (but do contact us for anything that's not on the list!):

A general introduction to all things EAL

Spelling, punctuation and grammar

Developing oracy

Developing vocabulary

Developing literacy in Maths

Developing literacy in Science

Departmental input for all secondary subjects

Communicating with parents who are EAL

Assessing pupils with EAL and measuring progress

Preparing for Ofsted

Pastoral support for pupils with EAL

Data collection for BME/EAL pupils

The importance of first language

Intervention and support programmes for pupils with EAL

To discuss and arrange any bespoke INSET, please contact Karen Thomas on karen.thomas.emas@portsmouthcc.gov.uk

Self-guided training

'Self-guided' training to work through at your own pace - great for individuals, whole teams or when you just need to work from home.

These sessions include some of our most popular courses, presented as a commentary to follow and linked handouts with information, tasks and opportunities for self-reflection built in.

Let us 'hold your hand' as we guide you through your learning, section by section, with a walk through of reading, reflection and activities.

Ideal for working through at your own pace, when you have the time and opportunity, and really useful to have on hand if you or your staff need to work from home at any point.

Let us know what you want and we'll send you an email with everything you need attached.

What our delegates say:

Very knowledgeable speakers who engaged all participants with a range of different teaching resources and techniques.

Lovely, positive, engaging delivery of useful material.

Your passion for EAL really shows and is inspiring.

Very informative, smartly delivered, lots of helpful information.

Did you know that we also offer individual support to teachers, including coaching, mentoring and support for curriculum access and planning? We also offer advisory visits to look at particular pupils who might be causing concern and assessments for pupils to disambiguate between EAL and SEN.

Any and all training is **completely free of charge** to schools who have purchased an annual package from EMAS (a General Support Package or an Adviser Package).

Membership-only schools are charged £120 per delegate for all central and self-guided training and bespoke INSET prices are available on request.
