

Pots and pans

Suitable for:

1 - 4 year olds

What to do:

- Grab any metal pots and pans you have and wooden and metal spoons
- Together can you tap out simple rhythms or beats?
- Repeat the rhythms
- Copy each other
- Talk about and describe the different sounds that can be made.

What you need:

- Metal pots and pans
- Metal and wooden spoons.

Benefits of this experience:

Playing these games and making and copying sounds will help children to identify and talk about sounds. Tuning into sounds will help their listening and attention skills.
